Sermon by Ray Reynolds (June 3, 2018)

Introduction: We spend a lot of time staring at barriers. We don't know how to cross them, when to burn them, or if they are meant to help us. In all honesty, many of the barriers in our lives are Satan's way of obstructing our view to God's blessings. In this lesson we will discuss the barriers we need to overcome and how to do it. Conclusion: These are just a handful of barriers that we have to cross in our life. I chose these because the Bible gives us a specific prescription for each one. We are also given multiple Bible stories to show how to overcome these barriers. Maybe you noticed a specific pattern in these points (**Galatians 5:22-23**). The inner strength God gives us is enough to overcome anything. There is nothing impossible with God! Are you ready to get beyond your barriers? Will you let God help you overcome, overflow, and obey? You have to choose.
